prospects for today. It sprinkled a little yesterday but not enough to interfere with scheduled events.

BEEF FOR BOYS IN BLUE—W. T. Roath one of Santa Cruz county's big cattlemen arrived here on Friday evening and registered at the Commercial. He came by the Florence route, crossed the Gila at that point on the steamboat and says that there is no deviation from the prices of transportation as originally established at the time the belated legislators started to get here by that route. Mr. Roath has the contract to keep the reserve soldiers for the Philippines, stationed at Fort Huachuca, in good wholesome corn beef and is here for the purpose of purchasing a carload of our best alfalfa fed steers. Ex-Sheriff Cook chaperoned him around the valley yesterday, and Uncle Sam's boys will get the best that this region has.

RAN THE BLOCKADE—It is expected the embargo will be removed from the M. & P. transportation service today and the advance guard of

Nothing Succeeds Like Success.
DR. HIBBARD
IS KNOWN THROUGHOUT THE SOUTHWEST AS A
Leading Specialist
IN CHRONIC DISEASES
He has the confidence and patronage of the leading business men, and no one is more expert in the diagnosis of chronic diseases of Arizona. The Doctor is a graduate of Harvard Medical College. Was formerly a member of the Rhode Island and Colorado State Medical Societies, and Eastern States Medical Exam. Health is wealth—Economy to be well is not suffering from some chronic affliction. Do not wait, seek and enable to perform the ordinary duties of life! If so, beware of patent medicines, unscrupulous and unskilled physicians. Dr. Hibbard employs none but rational and scientific methods—he uses no injurious drugs in removing the poisonous effects of BLOOD AND PRIVATE DISEASES from the system. SEXUAL WEAKNESS, with all its painful effects, positively cured by the latest and best remedial. Chronic, nervous, blood, kidney, urinary, bladder and special diseases treated in a strictly up-to-date manner.
Hibbard Building,
26-28 South 2nd St., Phoenix, Arizona.
Consultation free. Hours 10 to 12; 1 to 3, and 6 to 7. Address all communications to
DR. HIBBARD'S SUCCESSFUL

AN ABLE SPECIALIST
Premiently Successful, Thoroughly Reliable and Progressively Up-to-Date.
DR. HIBBARD
This is an age of speciality, and speciality is the key to success in all lines of business. If you have a chronic disease or weakness peculiar to men come to me off and on I will fully and freely explain why in vain you have sought relief from bits, secret appliances, electro-medical combinations and unskilled physicians; what you want is safe, quick and permanent results. All patients will receive a careful and scientific diagnosis, and a plan of treatment. If your case is curable you will be cured; if only alleviation can be had you will be so informed. I want every afflicted man to investigate my treatment.
Square Dealing is the doctor's motto. The latest and most scientific methods are his methods. For many years he has been in Phoenix and in the same locality, and this fact is his best recommendation. He is unable to advertise his speciality, which he does in a clear, open, honest way, and thus he has built up and maintained a high grade practice, not only in Phoenix but throughout the territory.
CHRONIC DISEASES is a specialty. Little pills today make dangerous diseases tomorrow. The doctor is the man who is able to cure a case as a rule. Act Now! You alone are the sufferer. Your own judgment in your particular case is the best. Get the best treatment.
Are your lungs weak? Your stomach enlarged? Your heart irregular? Your liver out of order? Your kidneys faulty in action? If so, you will soon become a chronic sufferer unless you are properly and scientifically treated.
DR. HIBBARD
Hibbard Building, 26-28 S. 2nd St., Phoenix, Arizona. Consultation Free. Hours 10-12; 1-3, 6-7.

Cancers and Tumors
Dr. Hibbard removes external growths without the knife. His method is safe, sure and successful. The knife is a failure in most cases, thousands die annually of cancer. It is not incurable and the knife only is resorted to. My treatment is without severe measures and is safe in its application. It gives the best and most satisfactory results.

14, from 2:30 to 5 and 7:30 to 10 p. m. at the Christian church. Valentine games and amusements in both afternoon and evening. Young people especially invited in the evening.
A REFORM SCHOOL BOY—Deputy Sheriff Merritt of Yavapai county came down from Prescott last night with a youth who had been committed to the reform school. The deputy sheriff thought for a time that he would be water-logged in Phoenix but he learned last night that he would be able to go south tonight.
A RILEY EVENING—On Tuesday evening, Feb. 25, Mrs. May French Cooley will give a reading at the First M. E. church under the auspices of the Ladies' Aid society of that church. The program will consist entirely of selections from James Whitcomb Riley. Mrs. Cooley will be assisted by Mrs. W. N. Tiffany, Miss Alice Halsey and Mr. Frank Hildebrand.
THE M. & P. TO BE OPEN TODAY—The Maricopa and Phoenix will begin running trains to Maricopa today. It was announced by the office of the company last night that the train with passengers, baggage and mail would leave the city at 11:30 today and would run over the Gila bridge. Another train of passengers, mail and baggage will be sent back this evening.
A STAG SOCIAL—The Elk lodge of this city will give a stag social next Thursday night which is designed to surpass any event of the same kind ever celebrated in the southwest. The whole western coast has been successful. Those who are so fortunate as to receive invitations to attend this function will be fortunate indeed.
FOR SHOPLIFTING—Warrants were issued by Justice Johnstone last evening on complaint of Charles Korrick, for the arrest of Carmen Garcia, her daughter Maria Garcia and another girl named Chona Ortega. The charge is shoplifting. Mr. Korrick alleges that they took a sweater from the New York store. Though that is the only charge in the complaint it is also alleged that the same parties took some high priced valentines from Berryhill's and a corset cover from the Boston store.
SACRED CONCERT—This evening at 7:30 a. m. a sacred concert by the choir of the First M. E. church. Solo will be rendered by Mrs. Tiffany, Miss Harris and Miss Rathbone. The double quartette will furnish two numbers together with the male quartette. Mr. E. A. Todd of Chicago will provide the organ, giving three numbers. The concert will begin at 7:30 p. m. at the M. E. church, corner of 2nd avenue and Monroe street. All are invited.
LILIES BEAUTIFUL—Mrs. Stenlake, while visiting England last summer, secured a number of the pink and white center. Another kind that is starting to bloom is a large yellow double Easter lily. Many lovers of the beautiful flowers are admiring Mrs. Stenlake's lilies.
MORE RAIN—It is hardly considered good form for an official to advise the public in the matter of rain. Nevertheless there would be no protest in these parts if there could be two or three days of sunshine now—just enough to pull off a couple more ball games and get in two or three days of mail from Maricopa. Last night about dark there was another pretty lively shower and one or two more showers before midnight, with all kinds of rain prospects for today. It sprinkled a little yesterday but not enough to interfere with scheduled events.

BEER FOR BOYS IN BLUE—A. Roath, son of Santa Cruz county's big cattlemen arrived here on Friday evening and registered at the Commercial Hotel. He came by the Phoenix route, crossed the Gila at that point on the steamboat and says that there is no device known from the lakes of transportation, as originally established at the time the belated legislators started to get here by that route. Roath is a contractor to equip the marine soldiers of the Philippines, stationed at Fort Huachuca in a big wholesome corn beef and is here for the purpose of purchasing a carload of our best alfalfa feed steers. He says that he chaperoned him around the valley yesterday, and Uncle Sam's boys will get the best that this region has.
RAN THE BLOCKADE—It is expected the embargo will be removed from the M. & P. transportation service today and the advance guard of the army of invasion that has been tied up at Maricopa so long that most of them went somewhere else, ran the blockade yesterday afternoon arriving in Phoenix last night on the work train. They left Maricopa sometime yesterday, on a hand car pushed by two Indians. The river had fallen sufficiently so they chanced the transfer by boat and came across in safety. The party consisted of the following names: Mrs. A. L. Penfield of Los Angeles, Mrs. J. C. Page; Mrs. T. E. Sloan of Los Angeles, who comes to visit her parents, Mr. and Mrs. L. L. Fink of Mrs. Nell Bailey of Cochise Co., who comes to join her husband; Captain Perkins of Nogales, Capt. Tutthill of Morenci; Ned Creighton of Phoenix; Sam Hought, member of the legislature from Gila county, who has been visiting territorial institutions and another man whose name was not learned.

AN EYE TO FUTURE PROFIT.
"Why did you recommend the Block-View house to that rich old man or yours?" It's one of the cheapest and poorest houses at the beach."
"Well, I want to save my money."
"Your money? Are you going with him?"
"No, but I'm his heir."—Philadelphia Press.

HIGHLANDERS HARD HIT
Phoenix Takes First Game of the Prescott Series.
Phoenix 11, Prescott 0.
Empire Grab is all right only he couldn't grab enough of them for his home team. The only criticism to make concerning him is that as referee he should have stopped the fight before it became so brutal, for baseball is supposed to be a gentleman's game and the men who made it did not intend when they did so to incite a massacre.
Seriously speaking yesterday was a bad day. The weather looked forbidding and the attendance was not so large as it should have been. Prescott was disappointed in getting a couple of crack players they had depended on and Goldy could not get away yesterday to help them, but he is expected to be on hand today, and Delgado will be in the box. For some reason Sharpneck was not in real good form and had a bad eye for the plate with the result that too many of the Phoenix boys had to walk to first. Then, too, Anderson fumbled a ball, something that is a violation of his private rules, though he played very good otherwise. Two or three unfortunate incidents allowed the Phoenix players to score when they should have been stopped on the bases, so that altogether the Phoenix team more than kept up its reputation.
On the contrary the Phoenix battery was strictly in form as the whole team seemed to be for that matter. Durham outdid himself apparently and fanned out some fifteen or sixteen, while not a mountain was credited with a hit. They felt round in the air for it but seldom found it and when they did they were unable to do much with it. The Phoenix team might have thrown off a little and given the enemy a chance to score but it did not for the very good reason that they had invited people to see their best and they felt they owed it to the grand stand to give the best exhibition possible, which they did. They made all they could out of the game and well worth seeing even if it was one sided. It is believed that today's game will be a much closer contest and in justice to all concerned there should be a liberal patronage on the part of those who love the sport, for baseball like any other game should be supported if it is to be kept at a high standard.
There isn't a great deal to say concerning the special features of the game for there was a lack of the spectacular. On the Prescott side it was one, two, three in all except the first and second man up. Cate, died on a base and in the sixth inning Durett got as far as second base where he was killed on a double play. The other end of the double made the fourth out. There were two outs with Durett on first, Cate drove to short who threw to second, putting out Durett, and second threw to first, putting out Cate. No other got a chance to be killed on bases.
In the first inning for Phoenix Loman fanned, Haynes got a hit, later scoring on a passed ball, while Myers scored on a wild pitch and Lutergerding died, pitcher to first.
The second inning was one, two, three.
The third inning was like stealing a running boot from a blind baby. It netted Phoenix four runs, with Myers men on the bags at the finish. Hartwell fanned at the opening and again at the close. Between these incidents Loman hit to center and stole second. Haynes walked and scored, Myers scored on a wild pitch and Lutergerding scored. Durham walked and Lutergerding scored. Durham stole second; Carroll and Collins walked and the bases being full Myers walked in; Farrow scored. Durham scored. Then in the second time in that inning Hartwell demonstrated how easy it is to strike out.
No scores were added in the fourth but four were picked up in the fifth. Carroll went out, pitched to first. Collins walked and scored while Myers struck out again. Loman hit to first, went to second on a throw and Collins scored. Haynes hit and Farrow and Loman scored. Haynes moved to third on a wild pitch. Myers hit and Haynes scored. Durham to first.
Phoenix failed to score in the sixth, though Collins died on base. In the seventh Hartwell missed again. Loman walked and stole second and third. Haynes fanned, Myers got to first on error and Loman scored. Durham hit safe but was out on second on Lutergerding's drive too near second.
There was nothing doing in the eighth. In the ninth Hartwell beat the sit again. Loman flew to catcher. Myers walked, stole second, moved up and scored on a passed ball. Myers was out, short to first. The official scorekeeper was absent and the summary is not available.
Following is the score by innings:
Phoenix 1 0 4 0 4 0 1 0 1—11
Prescott 0 0 0 0 0 0 0 0 0—0

THE INUNDATION AT BUCKEYE
That Whole Country Waterbound for a Week.
Buckeye, Ariz., Feb. 9.—(Special correspondence of The Republican.)—Who said rain? It never rained here—it just poured out. And as a natural consequence it just tore up things in general. The canal is full of holes from end to end, and between the headgate at the Gila and the wastegate there is a strip of about 400 yards wide of much water, and a stray branch of the Agua Fria. The Agua Fria ordinarily empties about one-half a mile above the Buckeye dam into the Gila, but Monday and Tuesday it was higher than it has ever been known. At the Moore crossing was more than a mile wide and running like a railway train. About one mile from the Gila river the Agua Fria leaves its high banks and runs through a low, flat country. Here it overflowed its banks and headed for the Gila across the country and as the canal was its line of march it took it along with it.
Mr. Thorpe, president of the canal company, has declared that God and man had combined against him to make him a bankrupt, and it is beginning to look that way as the repairs of the damage in January cost in the neighborhood of \$2,000, and the same

REMARKABLE VITALITY OF MIND AND BODY POSSESSED BY MRS. CATHERINE SKINNER OF NEW BRITAIN, CONN.
HER STRENGTH AND CLEARNESS OF MIND ARE SUSTAINED BY THE NOURISHING AND LIFE-PROLONGING POWERS OF DUFFY'S PURE MALT WHISKEY.
"I HAVE FOUND IT A WONDERFUL AID IN SUSTAINING HEALTH AND STRENGTH," SHE WRITES:
"It gives me pleasure to say that I have used your Pure Malt Whiskey with the most beneficial results, and I have found it a wonderful aid in sustaining health and strength, especially for a person who is getting along in years. It tones up and regulates the system, aids digestion, stimulates the circulation and enriches the blood, gives a good appetite and makes you sleep well at night." Catherine Skinner, 53 Beaver St., New Britain, Conn., Sept. 27, 1904.
At her advanced age, Mrs. Skinner goes to mass at 7 o'clock, and sometimes attends services twice a day. She eats her meals regularly with a good appetite, keeps her own room in order and threads her own needle. She reads a small prayer book each day, with the help of her spectacles, and while her hearing is slightly impaired none of her other faculties are much affected by her extreme old age.
4000 CENTENARIANS OWE HEALTH AND OLD AGE TO
Duffy's Pure Malt Whiskey
No higher or more sincere tribute to the strengthening, health-giving and life prolonging powers of Duffy's Pure Malt Whiskey could possibly be given than is conveyed by the earnest words of this dear old lady, who like thousands of other grateful men and women owe not only their sound, mental and physical condition, but their very existence to this grand, invigorating tonic and stimulant.
It is indorsed and recommended by ministers of the gospel, doctors and temperance advocates for its health-giving powers and absolute purity.
It contains no fusel oil and is the only whiskey recognized by the government as a medicine.
All druggists and grocers sell it, or it will be sent direct, on application, \$1 per bottle. Be sure you get the genuine. Look for the trade-mark, the "Old Chemist," on the label. Medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

MELCZER BROTHERS, Distributors
work with a good deal more added now stars Superintendent Green in the face. The canal company had on Friday sent men and teams with lumber to repair the flume across the Hassayampa. They arrived at the flume and unloaded the lumber that evening. That night the Hassayampa was up tearing away at the flume again, and it succeeded in getting another span of it, making about one-half or a little over 300 feet of the flume gone. The Arlington flume, two miles below, is completely gone. All but about 100 feet went in January and the rest this time. The Hassayampa lacked about one foot of reaching the high water mark made in January, and the highest known since the Walnut Grove dam catastrophe.
It was reported that a man was drowned on an island in the Agua Fria on Sunday. He was heard to cry for help but it was impossible to get to where he was, as the water runs like a mill race. Later he fired two shots and that was the last heard of him. A rumor got out that it was Mr. Bell, the man that was in the asylum from here a year or so ago, but later it was learned that he was safe on the other side of the river. A story also got started that two men were seen floating down the Gila river on logs at the Arlington dam, but it is not generally conceded as true, because men that could ride logs in that flood surely would have presence of mind enough to in some way steer the logs to the bank and make a landing somewhere.
The roads in this vicinity and Arlington are in a fearful fix and in places have been past traveling. The telephone connections between Phoenix and Buckeye at the Agua Fria have been broken so we have been without word from the outside world until today the stage brought the first mail in a week.
Mr. Christian is having his land taken down to the Gulf of California, or at least a good bit of it is heading for there via the Gila river.
Born at the home of Knox Barkley a girl, who tipped the scales at ten pounds, Thursday morning at 3 o'clock. Mr. Barkley is as proud as a peacock as this is his first born. He thinks that she is going to break some poor boy's heart before she is twenty years older. Baby and mother are doing nicely.
John Roberts returned from Tucson Monday, where he had been to help Mr. W. A. Evans prove up on a homestead entry. He with three other companions swam the Agua Fria on horseback and made it safe across, although one of his companions had some trouble as his horse got in the quicksand after they were nearly out.
Joseph E. Brown of the Powers Butte community is water bound at the home of H. W. Davis. He crossed the river on Friday to attend to some business at Buckeye and the river coming up, he has as yet been unable to get back to his home.
Mr. Peter Hargrave of the Enterprise, valley, is very sick and the doctor is very much afraid that he will not recover. He has been suffering for some time from a paralytic stroke.
School has been discontinued at Arlington for a week on account of the rain and washdays in the roads.
Mr. W. B. Bruner returned from Tucson and Phoenix yesterday. He was held at the Agua Fria since Sunday.
The dedication ceremonies at the Palo Verde church were postponed from last Sunday to some other time on account of the rain.
Mr. Fowler of the New York Life Insurance company has been canvassing this country for the past week or so.
Mexican Zerapes and genuine Mexican drawn work cut in half at Balke's Big Crum Store.
