DOWN THE GILA,

Adventurous Trip of Two Men in a Boat

(Yuma Times)

Two men arrived here last week who had accomplished the dangerous feat of navigating the Gila river from source to mouth.

About a year ago they started from Los Angeles in a wagon and went on a prospecting trip through Southern Arizona into New Mexico. About six months ago they sold their horses and wagon and started down the Gila in a boat of their own making. Their starting point was in the Black Range New Mexico where the Gila has its source.

They say the scenery in the canyons of the Gila is nearly as grand as the Colorado canyons. They met with no special incident until the high water of the February floods began to come down. Their boat was upset and lost but they built another and started on.

In some of the canyons the water rose to enormous heights owing to the narrow channel in which it was confined. The crookedness of the river makes its total length about 800 miles. The men hunted and trapped on the way but met only with very moderate success. They claim to be the first who ever made the trip in a boat the whole length of the river.

The Republican says that Bloomer of Tombstone is making big money with an arrastra at Harqua Hala.

A. L. Grow, deputy collector and Charley Smith line rider, are back at their respective posts of duty again.

The families of J. Young and John Watson, both former Tombstone residents are living in Seattle within stones throw of each other.

Fiege the Kansas City buyer purchased during the week 200 feeders from Hoefler, Duval Taylor and others. The price paid is understood to be \$15.

There is not a cattle man in southern Arizona who has ever felt the benefit promised by the McKinley duty of ten dollars per head on cattle shipped from Mexico.

C. C. Carpenter, representing the freight department of the A. T. & S. F. is visiting Tombstone. Mr. Carpenter always makes friends for his road when he visits us.

A boom in Yuma Copper stock comes upon the news of a strike of water. We have heard of mining camps in Arizona where the striking of water was a boomerang.

If all signs do not fail, there will be a foot race tomorrow at one o'clock on Allen street between Bob Hennessy and unknown for \$50 a side. The unknown to give "Our Bob" 10 feet start.

The law prohibiting women from frequenting saloons is to be rigidly enforced in Bisbee. It would be well for all saloon men to bear in mind that there is a heavy penalty attached to this breach of mining camp etiquette.

MINING NOTES.

On the San Simon side of the Chiricahua mountains is some very rich ore. J. W. Montgomery is working one claim there and shipping the ore which pays him handsomely.

There is considerable activity in the vicinity of the Dos Cabezas mountains near Apache pass. Dan Wenghal is placing a hoist on the Foothill claim which is turning out some high grade lead and gold ore. He has a two foot vein which returned at the mill \$18 in gold on a run of fifty tons. The ore carries from 20 to 40 per cent lead and about 9 oz of silver.

On the same lode is the Single Line owned by Melzar Caborn, who is developing it and taking out some very rich ore. For a poor man's camp this cannot be beat in Cochise county.

A gold strike of some importance was made recently near Turquoise, the rock shows free gold in sufficient quantities to make a tenderfoot's eyes stand out.

The leases of the Junetta have gone to work again. They settled their differences by segregating their ground and good reports can be expected from there.

The Stonewall is again being worked by the Engle Brothers. They find the manganese ore although low grade, more profitable than higher grade propositions of smaller size.

Spectacles Cases.
 S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his Stomach was disordered, his Liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large Fever sores on his leg; doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at J. Yonge's drug store.

The O. K. stable at Bisbee is now run by T. D. Williams and M. S. Freeman, both practical men, who will be ready at all times to look after the convenience and pleasure of their customers.

My lungs were badly diseased, and my parishioners thought I would live only a few weeks. I took five bottles of Dr. King's New Discovery and am now and well, and in weight."

Arthur Love, manager Love's Funny Folks Combination, writes—"After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottle at Yonge's Drug Store. Regular sizes 50 cent and \$1.

CHILLS AND FEVER CURED.
 G. W. Messenger, 216 Seneca Street, Buffalo, N. Y., writes:

"I was a great sufferer for many years with chills and fever, and tried remedies of all kinds, but found no relief until a friend of mine told me to buy a box of BRANDRETH'S PILLS and take them as directed. I used two boxes and believe that I am cured, as I have not been troubled with them for the past year. I cheerfully recommend them to all who suffer."

He states for the benefit of the public that it is called Chamberlain's Pain Balm. It is for sale here at 50 cents per bottle by our druggist H. J. Petro.
