Six months.....	2.50

THAT "tired feeling" seems to have taken possession of congress. It will take possession of the voters next fall.

ONE Kentucky editor would return Breckinridge to congress to rebuke the clergymen for interfering in political affairs.

Two Oklahoma editors shot five times at each other a few days ago, and although it was at short range no damage was done. Such poor marksmen are a disgrace to the profession.

THE Bi-metallic convention adopted a resolution in favor of the free coinage of silver at the ratio of 16 to 1, and declaring to support only candidates who pledge themselves to vote for free coinage.

Dews in Mexico every newspaper is obliged to carry at the head of its columns the names of the editor and the responsible editor, the latter is known in this country as the fighting editor but his name is never given. It is a myth.

THE Williams News, published in Coconino county, has the ring fever judging from the following extract from an editorial:

The News has several surprises in store which will in due time make public. The underground workings of any combination of men, when they are matters which concern the tax-paying public, should be aired.

DR. HAMILTON and wife of the insane asylum are to be tendered a surprise party by the employees of that institution on May 30th. Invitations are out. The surprise will not be complete, but the affair will no doubt be what it is intended to be, a compliment to the able superintendent, who has done so much to make the asylum self-supporting.

A CHANGE should be made in our statutes where frivolous cases could be settled in justice's courts without going to the enormous expense of trying such cases in the district court. It is seldom possible to get a conviction in a district court where the penalty is imprisonment for a term and the crime committed is less than an attempt to kill.

PRESIDENT CLEVELAND arrived home today, and will probably, after taking a nap and putting some Apache Salve on his sunburnt face, look after the business end of presidential life. Judge Bethune's commission will probably be signed and forwarded at once, and Tombstone may get a new postmaster—that is, if he had good luck on his hunting trip.

If any person will take the pains to take the great register and segregate the locations from which the voters hail, it will be seen that Tombstone is the center of population in the county. While there might be some argument in favor of county division in prosperous times the removal of the county seat is not a serious matter and should not be considered so. It really is not worth talking about much less arguing over.

A COMMITTEE of the board of regents of the university at a meeting held in Tucson yesterday adopted a resolution calling upon the governor to appoint a committee of five citizens of the territory to make a thorough investigation of the agricultural experimental station and the university. The idea is to secure a better service than at present by a detailed and minute examination of the entire field covered by the university.

Considerable figuring is being quietly done for the nominations for office at the fall elections. Most of the eyes are cast upon the recordership and treasurer's office. Very little is heard of the sheriff's office. Under the present system the office is not worth \$2,000 per annum and carries more hard work with it than all other offices combined. Under the new fee bill which goes into effect in Jan. 1895, the emoluments of the office will be cut down fully one half, leaving it one of the poorest offices in the county from a financial standpoint.

COPPER RIVETED OVERALLS AND SPRING BOTTOM PANTS

EVERY PAIR GUARANTEED.

ADDRESS SAN FRANCISCO CAL.

From Thursday's Daily.

J. V. Vickers returned home today.

John Lyall left on the noon coach today.

G. S. Merrill, St. David, is registered at the Palace.

Four million pounds is the figure set for Arizona's wool clip this year.

Mrs. S. Vogel was an outgoing passenger today, bound for Los Angeles.

Sam Friedman is up from Benson to tell what he knows about the Curby case.

Col. Wm. Herring, who has been in Phenix for a few days, returned home today.

Mrs. G. G. Berry arrived in Tombstone today after an absence of several weeks in Los Angeles.

Go to Yapple's Ice Cream Parlors and hear some of the latest songs on Edison's Improved Phonograph.

A train load of cattle from California went into the Salt River valley yesterday to be fattened with alfalfa.

The Phonograph has been moved to Yapple's where all can hear it. It is the best one ever brought to Tombstone.

Judge Bethune, accompanied by his wife and daughter, arrived in Tempe yesterday. He will be here in a day or two.

Mrs. Pointdexter and father left last night for their home in Los Gatos, California. They went to Benson by private conveyance.

At Rucker canyon in the Chiricahua mountains the fruit crop will be a failure this year, owing to the frost having destroyed the buds.

Steamboat excursions up the Gila river from Yuma are the rage just now. The Gila is navigable a long distance at this season of the year.

The court room was crowded with people this afternoon. At four o'clock the regular panel had been exhausted and a special venire of fifteen ordered returnable tomorrow morning.

The talk of abandoning Fort Bowie has subsided in army circles. A magnificent water supply has been developed there of late, which will be a strong argument in favor of retaining it.

Sam Friedman, Benson, W. T. Cooper, Dos Cabezas; W. H. Washington, Burt Winger, Wilcox; B. F. Halderman, Russellville, and S. F. Fuller, Los Angeles, are at the San Jose.

The recent census report establishes the fact that New Mexico enjoys the distinction of possessing the highest per capita wealth of any state or territory in the nation. It is over \$1500 per capita.

Scott White telegraphed this morning from Benson for a rig to bring up three prisoners and himself and Mr. Hare. They arrived on a freight train from Wilcox after the Nogales train had pulled out.

The fact is not generally known, perhaps, that more zinc is produced in Germany than in any other country in the world. According to Kuhlow's recent estimate, the annual exportation amounts to some 25,000 tons.

Ben James and George Oaks have been appointed commissioners to examine into the water supply on the Barbacomari above the Douglass ranch and report to the court the amount of water there and the amount required by the contestants in the injunction suit.

Mr. Chas. Loomis, a brother of Mrs. H. C. Stillman, arrived in town yesterday and is the guest of Mr. and Mrs. Stillman. He is engaged in getting the boring machine in shape for the sinking of the artesian well at Gila Bend which is being dug by the Southern Pacific Co.

DISTRICT COURT.

In the district court this morning the defendant in the divorce suit of Pointdexter vs Pointdexter was granted a decree of divorce, the custody of the two children and \$40 per month alimony.

The case of the Territory vs Joe Briggs was set for the 28th inst.

On motion of the district the case of the Territory vs Bessie Blum was dismissed.

Territory vs Juan Jueves—Jury returned verdict of guilty of burglary, J. D. Bowen, Del Lewis and Con Hartman, defaulting witnesses, were discharged from custody, it appearing that they were not at fault.

The Curby trial was called this afternoon and the work of getting a jury was commenced at once. Col. Herring assists the district attorney and conducts the examination of jurors, while Allen English looks after that business for the defense. Curby appears at ease and looks closely after the jurymen from the time they enter until they leave the box. At 3 o'clock thirty jurymen had been examined, and but a half dozen were in the box, with no surety of their staying there.

The steamer Mojave will leave the Needles on about June 1st, for a trip through the Black Canyon of the Colorado river. This canyon is about 165 miles from the Needles and 35 miles in length, and is said to possess some of the most awe inspiring scenery of any steamboat route in the world.

Judge Bethune, accompanied by his wife and daughter, arrived in Tempe yesterday. He will be here in a day or two.

John S. Robbins' ranch house at Ash canyon was totally destroyed by fire last night about 11 o'clock. The house was elegantly furnished throughout. The cause of the fire is unknown, but as a heavy fire was raging in the timber near there yesterday it may have resulted from that.

The bodies of the three American miners found a short time ago in the foothills of the Sierra Madre mountains were mutilated and bore evidences of having been shot. Their names were Chas. Witton, Bud Holdman and P. N. Teff. They left Alpine to cross the mountains, but were murdered before reaching a great distance.

The Los Angeles Herald of yesterday says that the shipment of cattle east for pasture continues. Tuesday night eighteen cars of Ventura stock arrived there, and the same parties have contracted for 40 more cars. Tomorrow about 600 head of stock will be shipped from Catalina island, and within the course of a week 600 more will be sent from the same place.

WORST FORM ECZEMA

Baffled Best Medical Skill for Eight Months—First in Two Months by Cuticura Remedy.

This is to certify that a number of men and women in the city of Denver and throughout the state and the surrounding country are suffering from the disease of eczema, and that they have been treated by Cuticura Remedy for at least eight months, but would not be cured.

It is to be noted that the Cuticura Remedy is the only one that cures this disease, and in a short time.
