Researchers Day 2010

Santa Cruz River Researchers' Day 2010

On March 19, 2010 Tumacácori National Historical Park, Sonoran Institute and Friends of the Santa Cruz River hosted the second annual Santa Cruz River Researchers' Day. This day was an opportunity for those conducting monitoring, research, or studies along the Santa Cruz River to share their work and findings through technical presentations and posters. To download a brief proceedings of the event, including abstracts of the work presented and additional research being conducted in the region, please follow the adjacent link.

To read about other research please read about

To view a pdf copy of a presentation given at Santa Cruz River Researchers' Day 2010, click on the title of interest.
