Re: Salt River Project's Submission of Gila River Evidence  
(Case No. 03-007-NAV)

Dear George:

Enclosed are eight hard copies and a disk containing a .pdf electronic version of each of the following:

1. Douglas R. Littlefield, Ph.D., "Assessment of the Gila River's Navigability on February 14, 1912."
2. Resume for Bob Mussetter, Ph.D., P.E.

These items are submitted on behalf of the Salt River Project Agricultural Improvement and Power District and Salt River Valley Water Users' Association in the above-referenced matter. Dr. Littlefield's Power Point summarizes information contained in his report that was previously submitted.

Let me know if you are unable to open the electronic files or need anything else.

Very truly yours,

Salmon, Lewis & Weldon, P.L.C.
