ZOOM VERSION

Roy Lamb is circulating a petition asking congress to pass a bill for the relief of Fred W. Lamb, who had four horses drowned while they were being ferried across the Salt river at Roosevelt by one of the government boats. The responsibility of the government comes in by reason of the fact that the crossing of the river had been destroyed by the reclamation work and the ferry had been put on as a substitute for the ford. It was while crossing in this ferry that the animals were drowned, the boat having capsized.

children were born in Mesa. Hence they have a large circle of friends who sympathize in their bereavement. One sister of Amabelle's was cast for the school play which was advertised to take place at the Mesa opera house tonight, but the play has been postponed until Thursday night of next week.

The funeral services will be held at the tabernacle at 2 o'clock this afternoon.

In the Wake of the Measles

The little son of Mrs. O. B. Palmer, Little Rock, Ark., had the measles. The result was a severe cough which grew worse and he could not sleep. She says: "One bottle of Foley's Honey and Tar Compound completely cured him and he has never been bothered since." Croup, whooping cough, measles cough all yield to Foley's Honey and Tar Compound. The genuine is in the yellow package always. Refuse substitutes. Elvey & Hulett, quality druggists.

GYMNASIUM DANCE.

The play, "The White Mountain Boy," having been postponed on account of the death of Miss Amabelle Pomeroy, the Mesa gymnasium management will give a dance at the opera house tonight. Good music has been secured, and the proceeds of the dance will go toward the expense account of the gym. All are invited to attend.

A BOLD THEFT.

P. C. Atwood appeared in justice court yesterday and had a warrant issued for "John Doe," charged with stealing a sorrel saddle horse, described as having a bald face, four white feet, a white spot the size of a hand on left side of neck and a large white spot on belly. The horse was taken from the Kimball barn sometime during the night of May 24. There was no way in which the horse could be traced to the barn, because some one had been taken by some one who had no authority to take it. "John," an Indian, sleeps in the barn, near where the animal was lost, but claims that he "said no one" in the "barn" during the night. "He has been a number of horse-stealers in this vicinity lately and it is suspected that an organized band of thieves are operating in the county."

Foley's Kidney Remedy Acted Quickly

M. N. George, Irondale, Ala., was bothered with kidney trouble for many years. "I was persuaded to try Foley's Kidney Remedy, and before taking it three days I could feel its beneficial effects. The pain left my back, my kidney action cleared up, and I am so much better I do not hesitate to recommend Foley's Kidney Remedy." Elvey & Hulett, quality druggists.

HAD A RIB FRACTURED.

Manuel, a Mexican employed on the ranch of Charles Egan, who lives on the base line southwest of town, fell from the top of a twenty-foot hay stack Wednesday, fracturing one rib and injuring his shoulder blade. Dr. Palmer patched him up and the man will be ready to resume work in a few weeks. Mr. Bauer says that particular hay stack is a sure-enough "hoodoo." Another man, who preceded Manuel, was taken very ill while working and had to be lowered to the ground. Now the owner is working on the upper deck and says he will keep the invalids and the seafish people on the ground.

DID THE SQUARE THING.

Dr. Wilbur W. S. Herman and other auto owners, having in mind the honor of the community, took a large party of the coast boosters for a spin over the Mesa section of the Salt river valley, prior to the departure of the booster car for Yuma. The gentlemen were very much pleased with the ride and stated that they had seen no part of the country since they left home that could begin to compare with the Mesa portion of the valley. They are paid to boost for the coast as a summer home for Arizonians, but said that if they were leaving California they would certainly move in this direction. They also said that the people of Mesa were the only ones so far that had gone out of the way to entertain any of the party. That was something that they appreciated and they intimated that when they returned to the coast they would not forget to put in a good word for this part of Arizona.

Do You Have the Right Kind of Help?

MOVED TO RAY.

Mrs. Dora Gillespie and her children left this morning for Ray, where she expects to make her home for some time to come. Mr. Gillespie and son Ray, are employed at the Ray mines and will be there permanently perhaps, hence the family wishes to be together.

A CONTRACT LET.

A contract for the erection of the loading platform for the Golden Gen Cantaloupe Growers association to Copeland & Moss for \$445. The size of the platform is to be 100 feet long and 14 feet wide. The products of this association will be handled by L. B. Johnson and the Gibson Fruit Co.

Foley's Kidney Pills take hold of your system and help you to rid yourself of your dragging backache, dull headache, nervousness, impaired eyesight, and of all the ills resulting from the impaired action of your kidneys and bladder. Remember it is Foley's Kidney Pills that do this. Elvey & Hulett, quality druggists.

NEWS BRIEFS.

The wind for the past few days has been particularly disagreeable on account of the dust due to a long "spell" of dry weather. The farmers are somewhat uneasy, as the continued unusual wind is threatening to wind up with a rainfall. And rain

is just what they do not want at present. There are thousands of tons of alfalfa and an immense amount of grain on the ground which would be damaged in case of rain. All are hushing during every hour of daylight to get the crops under cover.

It was while crossing in this ferry that the animals were drowned, the boat being capsized.

Arthur G. Keene, who has for some months past been down in Mexico, helping to stop the flow of water from

the Colorado river into the Imperial country, arrived in town this week and will remain a few days on business.

L. W. Stillwell and W. A. Coffman made an automobile trip to Phoenix yesterday, Mr. Coffman having court business to look after.

Mrs. Robert Bowen was in from her ranch yesterday afternoon and reports everything in a prosperous condition in her section of the country.

S. Bland was around yesterday with a petition as to character, having in view the opening of a saloon in Phoenix if he can get the license. He secured many signers, as there was no complaint ever made against Mr. Bland while a citizen of Mesa.

Mr. C. E. Hemperly's six-room bungalow, located north of town, has been completed by the contractors, Kotley & Nesbit, and turned over to the owner. It is one of the neatest of country residences.

Miss Inez Earl has resigned an operator at the Overland telephone exchange and will accompany her mother and brother and sisters to Pine, in the mountain country. Jesse Steele is making some additions to and changes in the E. J. Davis home.

A meeting of the town council was called for Wednesday night, but a quorum failed to appear and the meeting went over until some later date.

A children's dance and social will be held in Relief hall at 3 o'clock this afternoon. A fee of five cents will be charged the children, this being one of the ways of providing money for the primary work in the church.

The Ladies' Guild of the Episcopal church held a meeting at the home of Mrs. Wm. Menhennett yesterday afternoon.

Mrs. Fred Diamond of Phoenix was visiting Mrs. J. D. Robinson.
