Catalog # GRCA 32093

Object CANOE

Description COLLAPSIBLE METAL ROD FRAME CANOE COVERED WITH DARK BROWN COATED CANVAS, SECURED TO TOP EDGES OF FRAME BY METAL RIVETS AND STAPLES. THERE ARE ROPE RINGS AT THE BOW AND STERN. THE CANVAS IS LIGHTLY WORN. A LIGHT BROWN WOODEN FLOORBOARD LIES ON THE BOTTOM INTERIOR OF THE BOAT.

THE CANOE WAS FOUND IN EMERY KOLB'S GARAGE, (WITH A SKELETON INSIDE?) AFTER HIS DEATH. KOLB PHOTOS SHOW THE KOLB BROTHERS USING A CANVAS CANOE TO CROSS THE COLORADO RIVER, IN THEIR EXPLORATIONS OF THE CANYON. DAVID RUST IS ALSO KNOWN TO HAVE USED A CANVAS CANOE FOR CROSSING THE COLORADO WHEN HE HAD HIS RUST CAMP DOWN WHERE PHANTOM RANCH LIES TODAY. THE HISTORY OF THIS PARTICULAR CANOE IS NOT KNOWN, BUT EMERY KOLB IS BELIEVED TO HAVE ACQUIRED A CANVAS CANOE FROM DAVID RUST AT SOME POINT. THIS BOAT IS IN VERY GOOD SHAPE AND DOESN'T LOOK LIKE IT COULD HAVE BEEN USED MUCH.

MEASUREMENTS: L 11.8, W 4.1, T 1.5 FEET

Catalog # GRCA 83613

Object CANOE

Description COLLAPSIBLE METAL ROD FRAME CANOE COVERED WITH DARK BROWN COATED CANVAS, SECURED TO TOP EDGES OF FRAME BY METAL RIVETS AND STAPLES. SOME OF THE METAL RODS HAVE COME LOOSE FROM THE FRAME, AND ARE HANGING UNATTACHED. THERE ARE ROPE RINGS AT THE BOW AND STERN. THE CANVAS IS SLIGHTLY WORN. THE BOAT IS LABELLED, ON THE INSIDE, FRONT AND BACK, AS BEING MADE BY THE KALAMAZOO CANVAS BOAT COMPANY.

THE BOAT IS A POSSIBLE DAVID RUST CANOE. RUST WAS KNOWN TO HAVE USED CANVAS CANOES IN THE GLEN CANYON AREA. THE 'UTAH HISTORICAL QUARTERLY', VOL. 28, 1960, PAGES 303 & 307 MAKES REFERENCE TO RUST CANVAS 'FOLD BOATS'. THE BOAT, ALONG WITH ANOTHER SIMILAR CANVAS CANOE, #GRCA-83614 AND TWO WOODEN FOLDING SETS OF FLOORBOARDS, #GRCA-83617 & 83618, WERE ACQUIRED FROM THE RUST FAMILY, BY GLEN CANYON NRA, WITH THE ASSISTANCE OF KEN SLEIGHT, RIVER RUNNER AND HISTORIAN. IN JULY 2008, BOTH CANOES AND BOTH SETS OF FLOORBOARDS WERE TRANSFERRED TO GRCA, FOR INCLUSION IN THE HISTORIC BOAT CONSERVATION PROJECT.

MEASUREMENTS: L 16.0, W 3.5, T 1.5 FEET
