Subject: State of the Santa Cruz River - Conservation Inventory

New online publication

**State of the Santa Cruz River and
State of the Santa Cruz River – Conservation Inventory**

Sonoran Institute is pleased to announce the release of a two part publication. The *State of the Santa Cruz River* explores the history of the Santa Cruz River and highlights the diverse efforts working to protect the river's rich heritage. The companion piece, *State of the Santa Cruz River - Conservation Inventory*, is a tool that provides the "who", "what", and "where" descriptions and maps of conservation efforts along the Santa Cruz River. Both publications are available in English and Spanish.

You can find these publications and learn more at: <http://tiny.cc/scrci>
