**EARLY MORNING FIRE.**—Honest John like Diogenes, now has nothing more substantial to live in than a tub. About 1 o'clock this morning one of the two houses that stood on the east side of South First street between China alley and Jackson street was destroyed by fire. The house was a one story brick structure with wooden roof and was divided into three suites. One was occupied by Mr. and Mrs. Thomas Wood, another by a colored woman and the third by Honest John, a colored man whose other name was not learned, if he has any, but who earned that sobriquet some years ago by catching the largest fish in the Salt river—and proving it. John saved a few personal effects, the fire starting toward the other end of the building. The original was not learned and the building was a total loss. It belonged to a man formerly employed by one of the railroads as a car cleaner. Hundreds of people turned out in response to the fire alarm as the blaze seemed to be in Chinatown and there was a general fear that the noodle joint was doomed.

#### SANITARY INSPECTORS.

F. T. Bourne who has been employed as inspector of the new city water works during the period of laying of pipe, has been appointed sanitary inspector, to act under the city marshal and the health officer. He will begin his duties today.

#### THE BONTONS.

The Bon Ton Dancing club will give a dance at Eastlake park on Friday night. Specially good music will be arranged for and it is very enjoyable and well patronized dance is anticipated, as the nights are now really delightful for this pastime in the open air.

#### COL. McCORD'S WILL.

The will of the late Colonel M. H. McCord was presented yesterday for probate. There is no list of property in the will which is brief and merely conveys all of the estate of Colonel McCord to his wife, Mary Emma McCord. The will was executed at Nogales on August 8 of last year.

#### CALL OF THE DESERT.

The June number of the Call of the Desert is now on sale in the newsstands and is a very creditable publication. On the back page is a large advertisement of the valley prepared by Secretary Cowgill of the board of trade and printed by the publisher complimentary.

#### A GREEK LETTER INVITATION.

The members in Phoenix of the Delta Sigma society yesterday received invitations from the secretary of the national academic fraternity to a convention to be held in Chicago at the Masonic Temple beginning June 25th and lasting three days. The Phoenix chapter founded in 1903 is the only one in the territory connected with the national fraternity.

#### ELECT OFFICERS.

At a meeting of the A. O. U. W. last night at the K. of P. hall the following officers were elected for the ensuing six months: M. E. J. C. Dobbins; foreman, Frank Smithline; overseer, Harry Blank; financier, A. Herzberg; recorder, George Hidden; reporter, T. F. Hild; guide, B. G. Pecka; inside watchman, John Perrin; outside watchman, W. R. Reno.

#### THE MESA SCHOOL BONDS.

The board of supervisors yesterday sold the Mesa high school bonds, the issue amounting to \$45,000, being 6 per cent interest to McDonald & McCoy of Chicago at a premium of \$270. There were five other bidders, the premiums ranging from \$1400 up to the bid of McDonald & McCoy. Among the bidders was Dwight B. Heard who offered \$2600. The bonds have twenty years to run.

#### WATER IN THE TUNNEL.

The gates have been set in the sluicing tunnel at Roosevelt, the debris cleaned up and the entrance to the tunnel has been opened. At least the information from there yesterday was that the tunnel would be opened either last night or this morning. It may therefore be supposed that the water will cease running over the big dam today and the contractor will immediately engage his force engaged in laying masonry.

#### REPORT OF COUNTY OFFICERS.

The monthly reports of the county officials were turned into the board of supervisors yesterday. That of the recorder shows that the receipts of his office for the month just ended were \$1159.85. The fees of the office of probate judge, collected were \$225.80. In addition there was a sale of forty-eight marriage licenses at a net profit of \$48. The report of the county treasurer showed on hand in his vaults and in the depositories, \$68,743.68. The licenses collected by the sheriff for May amounted to \$119.40.

#### BOARD OF EQUALIZATION.

At the session of the board of equalization yesterday, devoted to the consideration of returns made by the railroads of the territory, several attorneys appeared for the companies, chiefly to be present in the event the board cared to ask any question concerning one item or another of the returns made. James V. Bergen and C. F. Hewitt of El Paso were present representing the E. P. & S. W. Frink Cox was present to represent the Southern Pacific and Charles E. Walker was on hand to represent the Randolph lines.

#### HOURS FOR SPRINKLING.

The season for sprinkling laws begins on June 1 and the water department has promulgated a new set of rules and regulations concerning the use of the hose until next November. In the first place only a spray or a nozzle of not more than a quarter of an inch shall be used. Sprinkling must be done, if at all, between the hours of 5 and 7 in the morning and 5 and 9 in the evening. A discovered violation of these regulations will result in the shutting off of the water, entailing an additional fee of \$1 before the consumer can have it turned on again.

The surveyor general has approved mineral survey No. 2843 A. & B., consisting of the Mavis, Martha, Raven, Diamond, Angela, L. Anderson and Nellie E. Iode claims and the Mavis mill-site, situated in the Seneca mining district, Yuma county, and claimed by the Mavis Consolidated Gold and Copper Mining company.

#### DIPLOMAS TO GIVE AWAY.

Professor Stilwell, superintendent of the city schools has seemingly overstocked himself with diplomas this year, though he only had one for each member of the graduating class of the grammar schools. Anyhow he has several on hand yet which he would be glad to dispose of to any youngster who can prove that they are entitled to go by the names filled in on the blanks. It seems that some of the children are so glad to get out of school that they are afraid to go back to the central building again for fear they will be caught and made to do it all over again. Joking aside Prof. Stilwell says he will be at the central building every morning at 9 o'clock during the remainder of this week, and those who have not yet secured their diplomas may get them by coming after them at that hour.

## INTERESTING RECORDS FOR BASEBALL FANS

Tebben and Cisney Lead Batters With Some Close Followers. The game Sunday in the City league will be the Orphans against the Maroons. The Orphans must take this to stand much show for the pennant. Likewise will be a turning point for some one. Following Sunday the Orphans and Fraternals will battle for real liberal blood. To satisfy considerable interest aroused the batting averages of the City league players have been figured up from the records. The fielding and pitching records will be printed in a few days. There are many things which will cause the baseball bug to ponder, and a number of records are really noteworthy.

The All Stars in the Prescott game made fine averages. The team averaged for the first game 250 per cent, and for the last against the California ex-leaguer, was 400 per cent, making the average batting for the team for both games, 325 per cent. Guess that is going some; 225 is a good team average. By flaring up ten of the best batters in each of the Frats, Orphans and Maroons, it will be found that the Orphans have led the list. Two of the best records are held by Tebben and Cisney, who it will be noted stand even in the race with 291. Mitchell is close second with 281, and Scott fourth with 264. Some say records don't prove anything. Just glance over these and you will note that the lineup of the All Stars picked out by the committee to play Prescott leads the batting bunch, including the records in the last games. Visser by his batting record can be classed as an All Star in rating. Williams falls down, but it must be remembered he is a pitcher and often did not care to hit, but rather to save himself. One of the most peculiar records is that of Sullivan, who can be called the lucky sticker. It will be noted how few times he was at bat compared to others who played in the same number of games. This is because of the number of bases on balls and hit by pitchers. In one game Sullivan got only one "AB" and three bases on balls and one hit by pitcher, in five times up. That helps his batting as much as hits. In a general way the leaders have improved in batting the past four games. Here are the records. There may be some inaccuracies, but in the main the dispenser will wager they are correct, considering haste inevitable in a newspaper office:
