was found on the boy. Sentiment in Miami is very much against the prosecution of the boy and probable that the charge will be withdrawn. He has a good reputation and it is rumored that several citizens have offered to adopt the child

if necessary.

The boy claims that he has been mistreated by his foster parents and that it is his desire to be sent to his relatives in Phoenix. At the suggestion of Judge Thomas a message was sent to the boy's relatives asking them if they will consent to keep him. If this is gained, Wilson will pay his fare to that place. The child informed the court that more than \$500 belonging to him was turned over to Wilson from his father's estate and that he appropri ated the \$25 because he believed that he was entitled to it. Wilson will take care of him until his relatives have been heard from.
