High Standards. The bard would never have uttered: "Music hath charms," etc., had he heard the rasping sounds emanating from the "thump boxes" and "hysteria-generating" rackettes that are being palmed off on the uninitiated as first class pianos. They are gotten up with pretty engraved exterior cases to catch the unscrupulous, but they will not stand this climate over three summers. You will make no mistake in selecting the famous "Behr Bros.," "Kranich & Bach," "Chickering," "Waldorf" or "Mason & Hamlin" pianos, all high standards and sold at \$350 and up, by A. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that he was almost bloody flux. I asked him if he had tried Chamberlain's colic, cholera and diarrhoea remedy and he said, "no." I went home and brought him my bottle and gave him one dose; told him to take another dose in 15 or 20 minutes if he did not find relief, but he took no more and was entirely cured." For sale by H. C. Hitchcock.
