ZOOM VERSION

FISHING NOW.

You can have more solid sport out of 25c or 50c worth of fishing tackle than any similar amount invested in any line of sport. April starts the fishing in the Salt and Gila rivers. A few Colorado river salmon have been caught, and good catches have been made on catfish, carp, suckers and Verde trout. The water is clean and all the fish are good eating now. Our stock of poles, rods, lines, reels and hooks is complete, with two large shipments now due to arrive any day. We are headquarters on these goods.

Take a gun along and kill some doves. We give a box of shells for the first white wing brought in to the store. It has not been brought in yet, although several have been seen.

SKILLFUL SHOOTING AT EASTLAKE PARK

Fine Exhibition Sunday Afternoon by California Joe, S. W. Quindt and "Jimmie, the Indian."

Those who attend the rifle and revolver shooting exhibition at Eastlake Park Sunday afternoon at 2:30 o'clock, may expect to witness a degree of skill compared with which the original Tell or the average American sharpshooter would be a crude and awkward performer. The chief feature will be a match wing shooting contest between California Joe and S. W. Quindt, but there will be a lot of fancy shooting beside. California Joe claims to be the best rifle shot in the world and has never been defeated. An offer of \$500 to any man who would defeat him, was standing for thirteen months in California, without acceptance.

California Joe is about 30 years old and his business is shooting at both still and wing targets. S. W. Quindt has lived in this city since last fall and though he does not claim to be a world champion, he can shoot some, and his friends believe that with the advantage Joe will give him by a handicap, Quindt has a very fair chance to win. The offer of fifty dollars is also made to any man who will make a better record than the winner in Saturday's exhibition. The only entry cost being that the shooter must furnish his own targets and ammunition. The targets used in the match will be tangerines thrown in the air, and the shooting will be lead bullets of 22 caliber. No shot will be used, and any time a doubt is expressed on this subject a demonstration will be instantly made by shooting into a plank. The terms of the handicap are that the shots shall be in groups of ten, alternately, except that Quindt is given 100 shots and Joe 90 shots, the one making the highest score taking the \$200 match money. Quindt is also given the benefit of all ties. That is, if each man shoots ten straight, the score goes to Quindt.

After the match California Joe will give an exhibition of fancy shooting, both wing and at still targets. He will shoot English walnuts, black candy marbles 2-4 inch in diameter and also 1-2 inch marbles. He will also shoot at buckshot thrown in the air if he can find any for targets, though up to yesterday he could find no buckshot in town. Asked how one could tell when the buckshot are hit it was explained that when a bullet hits the buckshot target its course is deflected and it makes a singing noise.
But the hair-raising feature is when California Joe shoots an apple off the head of "Jimmie, the Indian," so-called, though he is a young white man who travels with Joe as assistant and target manager. Jimmie said last night that Joe had shot more apples off his head than most people have ever eaten and has never scratched him yet. Better still, for a side purse of \$50 he lets Joe stick a bean on the end of his nose with some sort of cement and then shoots it off without drawing blood. He also shoots cigars out of his mouth, walnuts out of his fingers and many similar tricks. Joe also does some fine work at still targets and with a heavy gun does some long distance wing shooting. The admission charge will be 25¢ to the grounds, another 25¢ to the grand stand, and children half price.

Full guarantee. Address or call on **Eley & Mulett**, where they sell all the principal remedies and do not substitute.

PENALTY FOR THE DELINQUENT LANDS
Last Call For the Assessment Due the Water Users Assn.—Payment Must be Made Today.
Any member of the Salt River Valley Water Users' Association who has not yet paid in full his assessment for the current expenses, levied last summer, had better do so today if it is possible to get the money anywhere without stealing it. After today the delinquent penalty will attach, adding just that much unnecessary expense to those who could pay and have not done so through sheer neglect.
There is another object even greater to many than the expense of the penalty and that is to have a clear record on the books May 1st, when the season opens for the sale of summer water at sixty cents an acre. The water user cannot buy summer water of the government, and he can't get it anywhere else on the north side, unless he is clear on the books of the association. The water user therefore who fails to pay today will have to pay up within the next twenty days, unless the water user has a better speculation somewhere than most people know about.
A timely warning has been given. All have been notified and there has been frequent mention of both the half payment last fall and the full payment that must be made today. It is pleasing to know that those now on the danger line and in jeopardy of the penalty, form a shorter list than ever before, notwithstanding the number of water users is greater, and it is likely that most of those who are behind, are so merely from neglect and carelessness and it is hoped they will see this notice and settle up.

CONVENTION AT HARDWICK
Where Anti-Instructionist Will Meet
Other Concurrent Gathering Will Be at The Dorris Theater.

There will be two republican county conventions in Phoenix today for the selection of delegates to the territorial convention at Tucson next Saturday. This was decided upon two days ago by the anti-instructionist leaders after they had exhausted efforts for party harmony in this county. While they believed that with the seating of their delegation from the first ward, they could control the convention, they were aware that they would be helpless against the county organization and that they would not be given an opportunity to present the merits of their case on the floor of the convention. It would of course be useless to present it to a partisan or factional committee on credentials. They say they have no doubt that they will receive justice at the hands of the territorial convention and they determined to go there. There would have been another avenue to Tucson. The convention could have been divided, the leaders think about equally, but that would have involved a great deal of wrangling. They can pursue their course of a separate convention from the beginning without an unseemly quarrel.
The convention will be called at the Hardwick theater at ten o'clock this morning. The instructionist convention will meet at the Dorris at the same hour. On account of the decision of the anti-instructionist leaders, those who had expected to see a circus today will be disappointed.

TRANSCRIPT OF RECORDS.
The following transcripts of the records of the offices of the district clerk, probate court and the county recorder are furnished by the Arizona Abstract & Title Company.
The records for yesterday were:

RECORDER'S OFFICE.
John Jungerman and wife to Hamilton county, northwest quarter 10-18-4E.
Thomas H. Phipps to Emily G. Phipps, part northwest quarter 4-2W-3E.
Thomas H. Phipps to Emily G. Phipps, part northwest quarter 4-2W-3E.
W. J. Murphy and wife to County of Maricopa, part blocks 1 and 2, Orange wood.
U. S. A. to Frank L. Howard, south half of southeast quarter and northwest quarter of southeast quarter and southwest quarter of north east quarter 29-3N-2E.
Arizona Lodge, No. 2, F. and A. M. to W. T. Smith, lot 1, block 2, section 6, Greenwood Cem.

UNINSTRUCTED DELEGATES
Galesburg, Ill., April 10.—The republicans of the Fifteenth congressional district today elected uninstructed delegates to the national convention.

AN INTERSTATE TOUR—J. A. Neel of Los Angeles and Glendale, California, is making preparations for an extended automobile tour. Mrs. Neel, who is recognized as one of the most expert and fearless drivers in California, will accompany her husband on the trip. The party will go equipped for rough weather and is expected to reach Phoenix during the latter part of the month. Mr. Neel states that while their tour will be mostly one of pleasure, as they plan on visiting many towns in California and Arizona, the run will also be a severe endurance test for the 1908 Jackson car. In commenting on her previous experience Mrs. Neel relates: "We selected the Jackson because we expected to have many steep hills to climb, and as I will do all the driving, I know I shall feel more safe in our new Jackson machine."

TEA
U S imports but little more in 1904 than in 1864. So much poor tea.
Your grocer returns your money if you don't like Schilling's Best; we pay him.
Send a copy of the Home Seeker's edition of The Republican to a friend back east. The postage is only two cents for the 24 pages of special matter, or three cents for the entire issue.

This is the Month for Diamonds
April is the month for the most beautiful of all precious stones—Diamonds. Every one admires them and nearly all are ambitious to possess one. No doubt more would wear them could they understand that there is no other article on earth, except gold bullion, that is as sure, safe and as honest an investment. These two things are the only items we know of whose value was not depreciated by the recent financial stringency.
Take them as an investment; take them as a savings—they are better securities and more negotiable than any known substance except gold. We buy only Diamonds of highest quality and pass them along to our patrons with only a modest profit added.
