MAY BREAK THE RECORD.

Last evening Dr. and Mrs. W. G. DeVore and Mr. and Mrs. J. T. Birchett left for the Tempe dam to remain until after the fourth on a fishing excursion. Mr. Birchett will come to town for a short time tomorrow to attend to such matters of business as may come up but the balance of his time will be spent in an endeavor to break the record for the largest fish caught in the Salt river this season. It is said that the fishing at the dam is exceptionally good this year.

A 500 PARTY.

Friday evening Miss Nona Kingsbury entertained a number of friends in honor of Miss Ione and Alice Greenleaf who will leave in a few days for Yuma. Five hundred was played during the evening, the tables and electric lights having been provided on the spacious lawn, where it was just getting cool. The prize for the highest score for ladies was awarded to Miss Alice Greenleaf and the prize was a handsome shirt waist set. For the gentlemen Mr. Krum took the prize and was presented with a silver pocket knife. Frank Hough won the ladies prize and was awarded with a silver paper knife.

At the conclusion of the games, delightful refreshments were served. The guests were: Misses Alice and Ione Greenleaf, Mary Mullen, Anna Matthews, Georgia Tomlinson and Mrs. W. J. Tomlinson, Messrs. Hough, Woolf, Wilbur, Perkins, Krum, Miller, Mullen and Griffen.

STRANDED ON THE DESERT.

Tom Goodwin arrived from Mesa Friday on the noon train having reached that place early that morning on his return from Superior. Pinal and other mining towns in that part of the territory. It will be remembered that Larry Bowman, James Goodwin, Tom Goodwin and Dr. Chandler left the latter part of last week, the latter two made the trip and returned without accident but last seen of the two former adventurers they were hunting one of their horses on the desert between here and Pinal and were existing on mountain scenery and water, their pockets of grub having run out several days since.

Later—Late last evening the above mentioned parties arrived here having captured their steed the day before.

had advertised to give away free with the presentation of a coupon clipped from The Republican, one of his ice cream sodas. Of course there was not much in it for the firm in a financial way for that day's business but the returns from a standpoint of advertising were highly gratifying to Mr. Turner and were beyond the expectations of both he and the writer. Within the city limits there are delivered each day an even hundred Republicans and more than that on the two rural routes. This, however, is a busy time with the ranchers and they could not be expected to stop having to come to town for an ice cream soda even though it be free and as a matter of fact, tally was kept on the coupons presented and with the exception of a couple, all were from people living in town. The results therefore were based on a possible hundred and of this number there were ninety-one returns which demonstrated conclusively that The Republican is read in Tempe as well as elsewhere and that it pays to advertise. Next week Mr. Turner will have another and similar proposition to offer the readers of this paper. Watch for it.

DEATH OF MRS. RHODEN.

This morning a little after 7 o'clock Mrs. Joe Rhoden passed away. Death was very sudden and the result of some kind of cramps which set in last night about 3 o'clock.

Mr. Rhoden had just returned home from work and his wife prepared supper for the family and had placed it on the table when she told her husband the she would go and lie down for a few minutes. Shortly after this Mr. Rhoden asked his wife if she did not wish for any supper. Receiving no answer he stepped over to where she was lying, and found her in a state bordering on death.

He at once sent for Dr. Hawley and both worked with her all night long. Mr. Rhoden came to town about 6 o'clock this morning to telephone for Dr. Mower of Tempe and at the time he left, his wife appeared to be sleeping and resting easily.

After arranging for a message to Tempe, Mr. Rhoden went home and within fifteen minutes after his arrival his wife died.

Deceased was born in Luiska, Angellina county, Texas, in the year 1874. She leaves a husband and two sons to mourn the loss of wife and mother.

Deceased was very well known and liked by the people of Mesa. She was a member of the Ladies' Circle W. O. W., who will have charge of the funeral which is to take place tomorrow. All friends are requested to attend the services. Funeral tomorrow at 9 o'clock.

STARVED OUT.

Many a garrison has been forced to give up the fight and hang out the white flag of surrender, when lack of food has weakened the men past all power to continue the struggle.

Many a man is similarly starved out of business. His digestion is impaired. His food does not nourish him, and for lack of

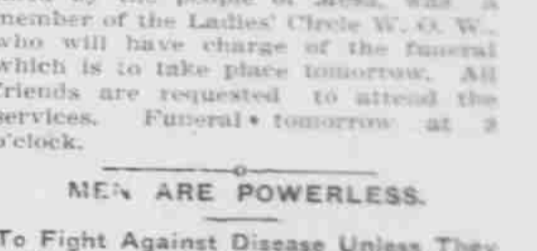

strength to carry on the struggle he turns his store over to another.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores strength to weak, nervous, run-down men and women.

"About ten years ago I began to be afflicted with stomach troubles. My doctor prescribed 'Pills' and 'Laxatives' but they did not help. I was worse until it would throw me into a sweating chill. I was troubled with indigestion and I sometimes thought my life would be ended. I tried many remedies, but they gave only temporary relief. In November, 1892, I got a bottle of Dr. Pierce's Golden Medical Discovery. I got six bottles and took five in succession. Then I would wait for a time and take the one left. Soon found I had symptoms of the trouble coming back, so took the sixth bottle and it cured me. I have enjoyed the best of health ever since and the credit will be given to your 'Golden Medical Discovery.' I can express my thanks to Dr. Pierce for the remedy, for it did so much for me. Words cannot express how severely I suffered."

"I'll say that the above statement is true, address me and I will take great pleasure in answering."
