Re: Navigability of the Verde River

ORIGINAL

Dear Ms Waddell:

On November 20, 1996, the following unanimous motion was presented to the Town Council by the Verde River Enhancement Committee (VREC):

Due to the State's revised guidelines on navigable streams VREC believes that the Verde River at inception of statehood was not, is currently not, and will never be a navigable river.

The Town Council unanimously voted to support this position. Therefore, I am respectfully requesting you consider the above and take the position that the Verde River is not navigable.

If I can answer any questions on the above, please contact me at (520) 567-6631.

Sincerely,

Carter Rogers
