Hello commission,
Thx for accepting my comments below.

I ask you to protect the verde and others as a public resource. Please protect the public's free access to it. It is now navigable & was at the time of the birth of the great state of AZ. I hope to float it someday.

I have paid AZ state income tax for fourteen yrs for the summer guiding work I do in the Grand Canyon. I look frwrd to visiting AZ's rivers more when I travel from my home in Wyoming.

Thx
