BENSON DRY FARMERS PLANTING PINK BEANS

MOISTURE GOOD FOR AN EXTRA SIX INCHES IN DEPTH WITH THE PROPER WORK.

Planting is now being done in what appears to be a determined movement toward dry farming on the mesa southwest of Benson, in Cochise county, where about 130,000 acres of government land has been designated by the department of the interior as coming under the provisions of the 320-acre homestead act.

Pink beans are being planted and Messrs Loring and Kline are putting in thirty acres of them. Sometime before commencing to plant they fenced in both their homesteads under one fence, making a complete section of smooth mesa land and plowed 35 acres of it. As the ground is loose loam, they plowed it but six inches deep.

At the time of plowing it was dry, but the first good rain wet it a foot deep and the next one soaked down twenty inches. At last report the unplowed land was wet down only fourteen inches.

Since the summer rains began, wild grass sprang up and is growing very rapidly.

CHAMPIONSHIP REGATTA. WASHINGTON, D. C., Aug. 11.—Boat crews and individual oarsmen from many points in the United States and Canada are arriving here to take part in the thirty-eighth annual regatta of the National Association of Amateur Oarsmen which is to be rowed over the Potomac River course, beginning tomorrow and concluding Saturday. The number of entries this year is in excess of those at the previous regatta of the association, and some excellent sport is promised especially in the senior eights and single sculls.

REQUISITION ISSUED ON UTAH'S GOVERNOR

PINAL COUNTY AUTHORITIES DESIRE THE CUSTODY OF C. E. SNYDER.

PHOENIX, Aug. 10.—A requisition was issued yesterday by Governor Simon on the governor of Utah, for the return to Arizona of C. E. Snyder, who is wanted in Pinal county on the charge of embezzling a note for \$52.02. The requisition was issued on the request of H. G. Richardson, assistant district attorney of Pinal county and the papers were placed in the hands of Deputy Sheriff Sherman W. Dougherty, who is authorized to receive the prisoner and conduct him back to Florence where the criminal act is alleged to have taken place.

The complaint recites that Snyder was in Florence purporting to represent the Continental Life Insurance and Investment company of Salt Lake City on Dec. 18, 1909, when he entered into a contract with Louis Michea that Michea should make application for \$1000 life insurance, the first payment on which should be \$52.02, for which Michea was to give his note to be held as the property of Michea until his application was approved and the policy delivered. If the application was disapproved the note was to be returned. If approved the note would belong to the insurance company. It is charged that the policy was rejected and Snyder converted the note to his own use and left the country.

VALUABLES. To acquaint every one with the excellent and superior quality of their perfumes, Central Pharmacy is giving with each tooth-brush purchased, this week only, one box of Peroxide Tooth Powder and a 25c bottle of Palmer's perfumes. A losing proposition to the dealer but an excellent advertisement for the perfumery.

TERRITORIAL BOARD IS EQUALIZING TAXES

REDUCTION IN VALUATION IS ASKED FOR BY ATTORNEY FOR THE ARIZONA EASTERN

PHOENIX, Aug. 11.—The August meeting of the territorial board of equalization began yesterday in the office of the territorial general being present. The board after assembling called upon the governor officially and formally, and returning to its office began the work of inspecting the schedules of property returned by the assessors of the various counties.

During the day Gibson Taylor an attorney from Tucson, appeared before the board in the interest of the Arizona Eastern Railway company and requested a reduction in the valuation placed on the three divisions of the company's property at the June meeting. The reductions asked for were in respect of trackage valuations, as no fault was found with the valuation placed on the company's equipment. It was contended that the comparison of the trackage valuations between the company's lines and those of the P. & S. W. and the Arizona & New Mexico railroad had not been equitably made wherefore the reductions were asked for. The board listened attentively to the remarks of the attorney, after which he was closely questioned and the matter taken under advisement. The trackage valuations placed on the properties in question are, per mile, as follows: M. & P. division, \$7,878.29; Gila Valley, Globe & North ern, \$8,695.57; Arizona & Colorado division, \$2,474.98.

GUN CLUBS WILL MEET IN PHOENIX

SPORTSMEN'S TOURNAMENT WILL BE HELD AT THE CAPITAL IN SEPTEMBER.

PHOENIX, Aug. 11.—Apropos of the announcement that the eighteenth annual tournament of the Southwestern Sportsmen's association will be held in Phoenix on September 21, 22 and 23, the Santa Fe railroad has fixed a rate of one and one-third fares for the round trip for any who may desire to participate in this rate providing for a minimum attendance of fifty and to be offered upon the certificate plan. The tickets will be good from the 15th to the 30th, inclusive.

It is expected that the tournament will attract gun clubs and marksmen from western Texas, New Mexico, Colorado, Utah Nevada and various parts of Arizona as well as from El Paso, Silver City and Deming will be represented here, either in their entirety or by a selection from their membership. A business session of the Arizona Gun club is scheduled to follow the tournament. A. W. Galpin is the secretary and from him any desired information may be obtained.

It is understood that Bisbee and the Grand Canyon are the two places now under consideration and to be decided upon as the places of the holding of the 1911 tournament.

ENGINEERS STILL IN THE FIELD

LOCATION LINE WILL BE RUN FROM BOTH BENSON AND HEREFORD TO TUCSON.

TUCSON, Aug. 11.—The surveying crew of the El Paso & Southwestern is now straightening weak places along the right of way from Fairbanks to Benson, and is making ready to resume the completion of the location survey for the proposed extension of the El Paso & South-

WALKED SIXTY MILES IN HIS BARE FEET

WITH PROVISIONS LOST VICTIMS OF SHIPWRECK NEARLY DIE ON HARD MARCH.

MESA, Aug. 11.—Four men with their feet bandaged in rags and their appearance generally bad, arrived in Mesa yesterday morning. They purchased four pairs of shoes, and said they planned to travel from the Verde country to Mesa in a boat, and had supplies, guns, etc. for the trip in the boat. All went well until the boat struck a rock in the river and their boat was wrecked. Two of them swam to the shore while the other two clung to the wreckage of the boat and floated down the river about a mile before they landed. They lost everything and were left stranded sixty miles from Mesa in the mountains. They had taken their shoes off so they would be able to get into the water and push the boat over shallow places.

They tied their feet in rags and picked their way over the rocks and mountains to Mesa. The only food they had was what they could get from the Indians along the route, mostly melons and the like. They were in a pitiable condition when they reached Mesa.

PHOENIX BOY IS BITTEN BY DOG

CHICAGO PASTEUR INSTITUTE WILL FIND OUT IF THE ANIMAL WAS MAD.

PHOENIX, Aug. 11.—August, traditionally known as "dog day" month, when hydrophobia seems to have an unusual incidence in the canine race, comes up again for consideration in an affair that occurred Thursday afternoon, August 4, when the 4-year-old son of Jose Costa, was bitten on the face by a dog that was supposed to have been mad. That there may be no mistake, and in order to make definite determinations whether the animal was afflicted with rabies, the head of the dog was cut from its body by Dr. Swetnam and sent to this city to be forwarded by express to the Pasteur institute at Chicago for analysis.

The head was brought in yesterday by C. H. Smith, the driver of the stage from Walker, and this morning it will be sent to its destination.

The supposition of many residing in that section is that the animal was mad, and its vicious attack on the boy would seem to substantiate that theory.

After the return of the analysis it will be determined what action to take with the boy. His features are badly marked and the wounds are painful.

Following as this does, the Camp Verde affair, in which two squaws were bitten by a hydrophobia skunk, one of whom is old and is said to be showing the effects of the bite, people residing on the outside are taking precautions to avoid contact with these deadly animals. Mr.

western main line down the San Pedro valley from Benson to Winkelman, it is stated, C. S. Henning, chief of the party, has been in El Paso for some days in consultation with his superiors in the division offices, and has just returned to his party.

It is stated that after the location survey from Benson to Winkelman is completed, part of which was done recently by a party following immediately behind the preliminary survey crew, location lines will be run from Tucson from both Benson and Hereford, and a line projected from Tucson to Phoenix to take the place of the proposed Benson-Winkelman road.

Gabhard, who left Prescott Friday with one of the Indian squaws for Los Angeles, to receive treatment at the Pasteur branch house, stated that the skunks were unusually lively in the Verde section, and all people, including the Indians on the reserve, were taking precautions to protect themselves, especially in the early morning hours, when these animals seem to be the most active in hunting for victims. Hundreds of skunks have been killed in the past week in most plentiful near living water. Journal Miner.
